12 March 1973

MEMORANDUM FOR: COMIREX Members and Consultants

SUBJECT: Security of COMIREX Meetings

1. COMIREX meetings are now entering the stage where, in almost every session, it can be expected that some facet of advanced systems development or planning will be raised, whether or not previously listed on the agenda. It is important that members feel free to raise any projects and problems at will, without need to pause and question clearance status of individuals in attendance. We therefore propose to modify the security arrangements for future meetings.

2. As an interim measure, beginning with the next COMIREX meeting (15 March 1973), all personnel will be asked to sign in at the start of the meeting. Persons whose names have not been listed in advance by their principals will be denied entry by the receptionist unless his principal can certify that he has all necessary clearances and is authorized to attend the meeting.

3. In order to implement this procedure, COMIREX members and consultants are requested to notify the Office of the Chairman in advance (before noon of the day preceding each meeting) of the names of all representatives from their respective organizations who will attend all or portions of the meeting and specify for each the particular clearances held.
